YOUR 360° SHIRT SOLUTION PARTNER

30+ YEARS OF MANUFACTURING EXPERIENCE
SPECIALIZED IN HIGH QUALITY SHIRTS

WHO WE ARE
INTRODUCTION

The Shirt Company (TSC) is a global shirt specialist with over 30 years of experience in the shirt manufacturing industry.
While shirt production is our core business today, our strong family legacy in yarn and fabric development has directly shaped our technical expertise and fabric-driven approach to shirt manufacturing.

With production operations in Turkey, Bangladesh, and Vietnam, TSC delivers flexible and scalable capacity with strict quality standards.

Today, The Shirt Company proudly serves some of the world's most respected brands, building long-term partnerships based on trust, transparency, technical excellence, and a shared commitment to quality.

CONTRACTED FACTORIES FOR DUTY-FREE SOURCING OPTIONS

BGS began to use bio mass pellets in 2022 to produce steam for the production and heating.
For waste control BGS, got "Zero Waste Certificate" in 2024.
Completed Higg FEM self-assesment for 2023, so greenhouse gas quantities were calculated for the first time.
After getting renewable energy certificate in 2023 ,
the premises later got Solar Power Plant Certificate in January 2024. And today produces its own energy.
